

DXPRO

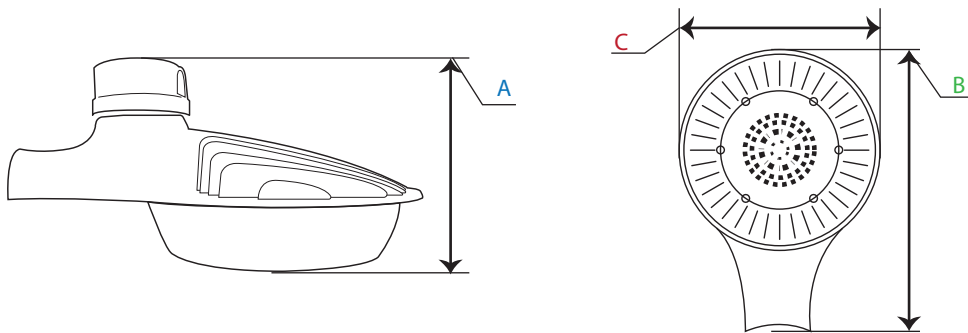

The DXpro LED Yard & Barn fixture instantly saves up to 80% of your lighting cost, is super bright, maintenance-free and easy to install, featuring the latest technology in solid state lighting for a long life of efficiency and high quality light. The sturdy but light body performs a silicone gasket which prevents leakage, making it suitable for Heavy Conditions like sleet, snow, rain, dust, heat and even salt mist environments, providing more than 50,000 hours lifespan. Our DXpro LED Yard & Barn Lamp is your perfect choice for outdoor facilities, building walls and home yard or garage lighting.

PARAMETERS

PART NO	TLWMI505YYZZ
Power consumption	50W
Viewing angle	120°
Lumen	5,000 Lm
Light efficacy	100Lm/W
CRI	>80
Connector	Power Cord
Color temperature	5,000K
Lifespan	50,000h
Voltage	120-277 VAC 50/60HZ
Power Factor	≥0.90
Working Temperature	-22°F ~ 104°F
IP	65

DIMENSIONS

A	8in
B	13.4in
C	9.4in
